- Grant funding requests are diverse and as a result need to be focused on regional needs
- Projects that are in excess of \$300,000 need to be separated into multi-year phased projects

Planning

- Projects should ensure a balanced approach between equipment and regional planning
- Needs assessments should be completed prior to expenditure of funds where applicable

Regionalism

- Projects should be multi-discipline and multi-agency in their scope to address regional issues

Sustainability

- Sustainability needs to be better addressed and executed to ensure that these projects maintain their viability
